October 2021

To whom it may concern,

The purpose of this letter is to provide evidence of Yash Gurbani's contributions to the International Association of Physics Students (IAPS).

Yash Gurbani is the Advocacy & Outreach Manager of the IAPS Executive Committee for the 2021-2022 term. His responsibilities include advocating for students' rights at the local and international level, running outreach and educational activities, and leading the Advocacy & Outreach Working Group. After serving in the acting Affiliated Commission Council between IAPS and the International Union of Pure and Applied Physics (IUPAP) between February-August 2021, Yash was elected onto the IAPS-IUPAP AC5 Council in September 2021. Yash is also an active member of the IAPS External Relations Working Group and has been since February 2021.

Before Yash was elected for the IAPS Executive Committee, he was the President and Founder of the IAPS Local Committee of Noida in 2019-2020. As part of this role, he organised outreach activities such as School Day 2019. In 2020, Yash became the Founding President of the Association of Indian Physics Students (AIPS), the Indian National Committee of IAPS. He still holds this role currently and has overseen initiatives such as National Science Day and the "Indian Young Physicists League" competition. If any further information is required, feel free to email [ec@iaps.info](mailto:ec@iaps.info).

Yours sincerely, on behalf of the International Association of Physics Students,

---

**Ruhi Chitre**

*IAPS President*
